CHAMPIONS OF SOCIAL SPACES [HARROWS.CO.NZ](https://harrows.co.nz)

Champions of
social spaces.

Introducing Method

Functional, flexible and inviting, Method is a collection of lounges and accessories that are devised to connect people and compliment any space.

Hushchairs, hard top ottomans and lounges feature an offset leg that serves as a mount-point for a variety of accessories from lighting, side tables to power, allowing limitless functional configurations.

Removable swivel table
finished with clear
indoor stain

Non fixed cushions and a
unique inverted seam

Upholster in any
fabric

Limitless Possibilities

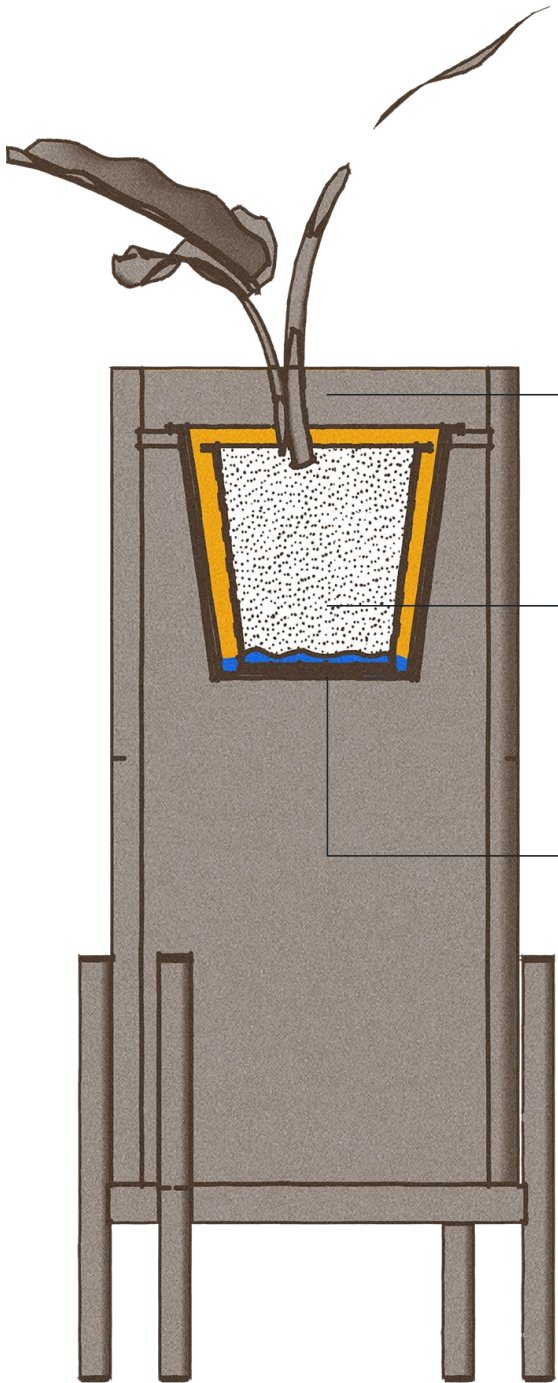

The modular square design and offset leg allows each component to be turned 90 degrees in any direction to offer limitless design and layout opportunities.

Method's frame was based on a square grid format with an offset leg on each corner, so each piece can be orientated to create limitless configurations. Power input, a coat rack, an overhead lamp and rotating side tables can be easily connected to any tubular steel leg and changed about effortlessly for different applications.

2 Pot Planter System

No need for messy transplanting. Just place the standard nursery pots that your plant comes in directly into the pot liner and add topping for a fully planted look.

Fully Planted Look

Liner pots are set down from the outside edge to allow for bark, coconut fiber or topping of choice to be laid around plants to create a fully planted look (fill not included).

Nursery Pot

Slip standard nursery pots up to 4.5L directly into the watertight pot liner (plants and nursery pots not included).

Pot Liner

Planters include a watertight pot liner as standard, allowing for easy watering and no drips or mess. Pot Liners have a 215mm opening, tapering to 140mm at the base, and a depth of 190mm.

Accessories can be moved to any leg

Upholstered in fabric of choice

Frames powder coated in colour of choice

Power outlets can be mounted to any leg

Swivel tables can be mounted any leg

Timber accents stained in colour of choice

Crafted for every connection.

Lounge settings

With a selection of corners and straights, ottomans, coffee tables and lounges, the Method Seating creates an endless configuration of lounge settings to create casual waiting or breakout moments.

Focus spaces

The Method Hushchair has the same offset leg design meaning it can integrate with the lounge system, or stand alone. Create the perfect breakout pod for the commercial space by upholstering the Method in any fabric and powder coating the frame in any colour.

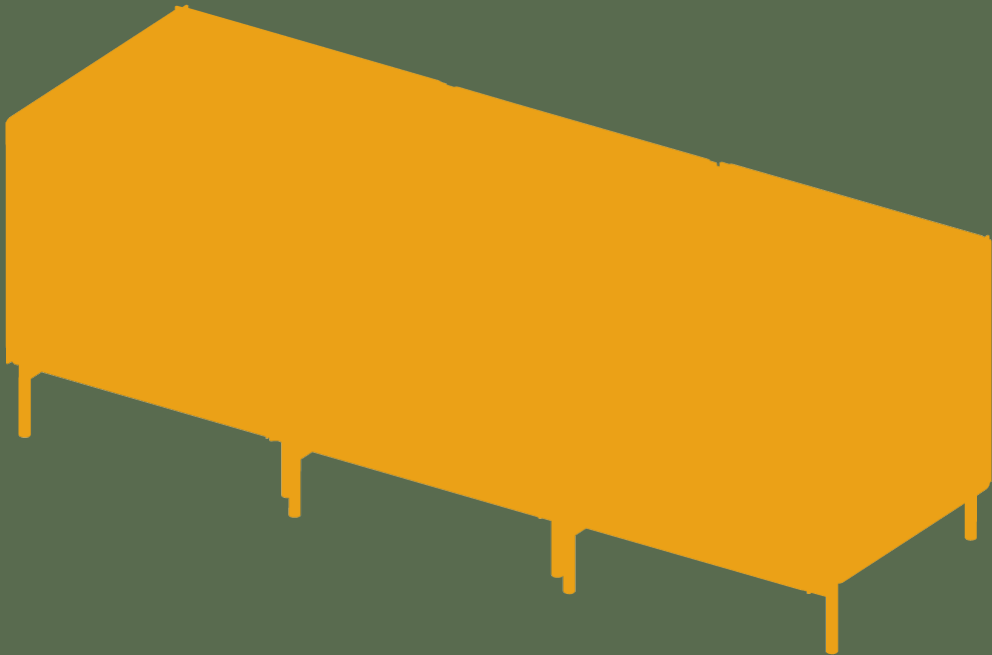

Privacy screening

The Method Planter integrates seamlessly with the Method Seating System, or can stand alone. It is available at multiple heights as a planter, and with a screen also. A striking freestanding planter options for creating privacy and bringing biophilia into any setting.

Designed for designers.

With so many configurations, we understand the importance of being able to visualise the finished product, and provide a full suite of 3D and BIM files for Revit, ArchiCAD and SketchUp.

Suggested Configurations

A flexible floorplan.

Methods modular design and offset leg, each piece effortlessly connects to create limitless configurations, adapting to any space or need.

From collaborative hubs to inviting lounges, Method transforms to fit your vision seamlessly. A full suite of accessories connect to any leg, making customisation and adaptation effortless.

Made for life.

Method carries GreenRate™ Level C certification and PlatinumHEALTH™ HealthRATE™ certifications under the Global GreenTag International Product Health Declaration™ (GreenTag PHD™) program.

In the Green Star® NZ program Level C carries 50% of the credit points. The GreenTag PHD is recognised by WELL™ and LEED®. A copy of each GreenRate certificate can be downloaded from product resource section.

About the designer.

“If you’re not going to make it beautiful, don’t bother.”

Mark Suckling, Creative Director.

Mark heads up our inhouse design team and development team, and his guiding philosophy is simple. It must solve a problem. It must endure. And it must be beautiful. To make a product enduring is to make it beautiful.
