

Finishes + Materials

Champions of social spaces.

If you're not
going to make
it beautiful,
don't bother.

Our design philosophy is simple. It must
solve a problem. It must endure. And it must be beautiful.

Finish your space beautifully.

At Harrows our mission is to provide the tools to create spaces with personality and individuality, spaces that you'll love. With local design and manufacture you get complete control to re-envision each piece of furniture with a finish that is uniquely yours.

Our workshop is a bustling hub of creativity and expertise. Inhouse teams for everything – laminating, machining, engineering, fitting, assembly, powder coating, polishing, painting, and upholstery.

It's where the magic happens, where each piece comes to life with skill, craftsmanship and a finish that's uniquely yours.
