Beautiful, tailored furniture for social interaction.

Life is built on the interaction of people. We create thoughtfully crafted furniture that inspires meaningful interaction.

As humans, we naturally crave connection with others. We come together for all sorts of reasons, drawn to places that make us feel good. At Harrows our mission is to promote social interaction, through providing the tools to create spaces with personality and individuality, spaces that you'll love.

Made Personal. With local design and manufacture you get complete control to re-envision each piece of furniture with a finish that is uniquely yours.

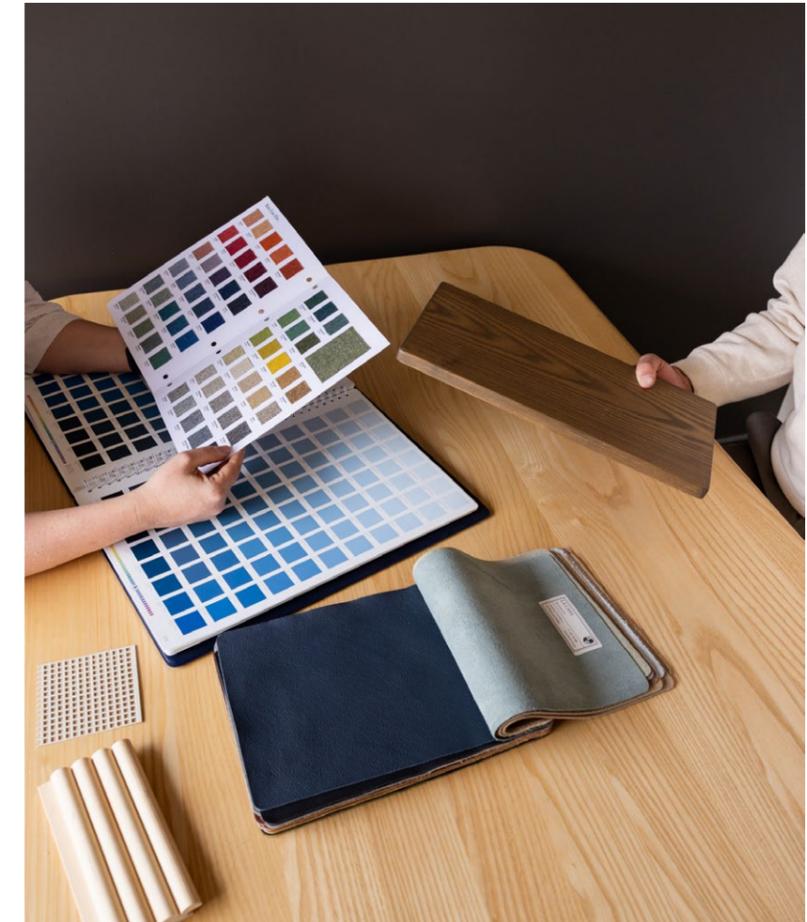

Stain, paint, polish,
powder coat.

If you're not
going to make
it beautiful,
don't bother.

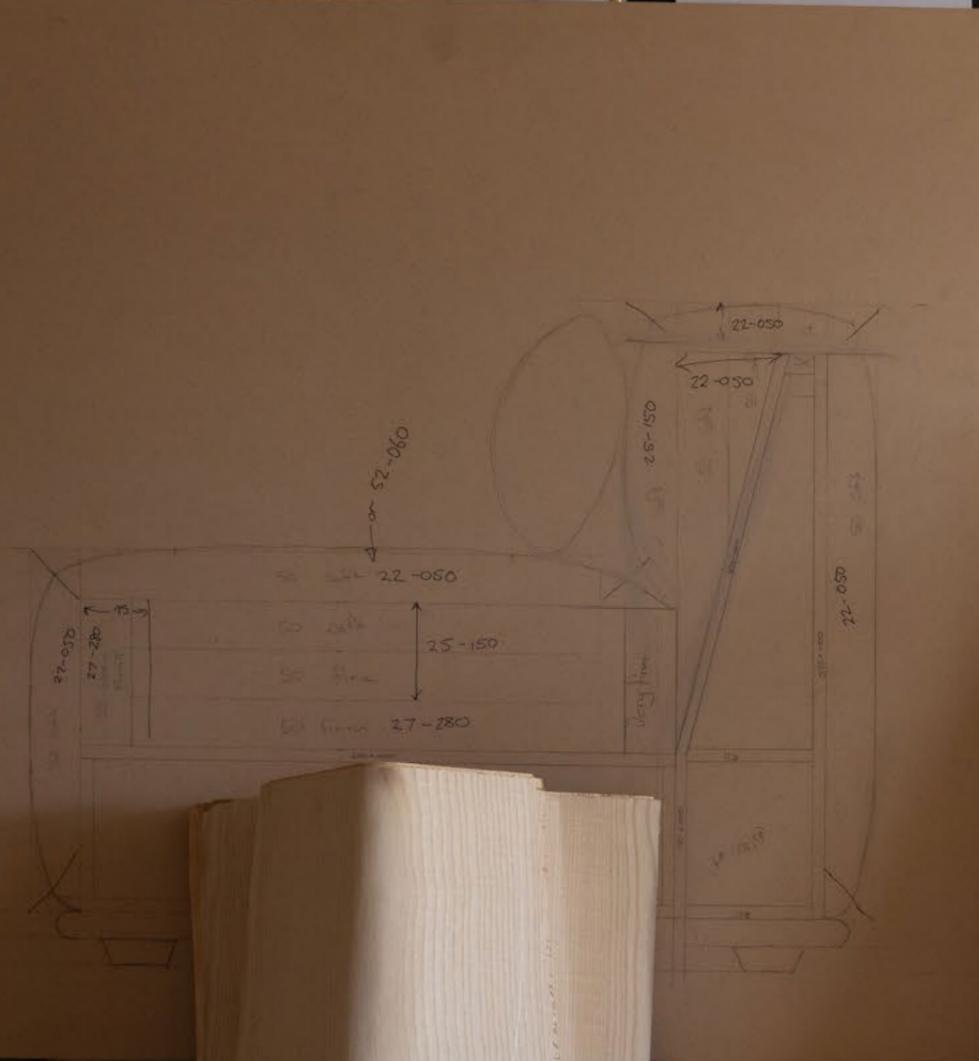

Our design philosophy is simple.
It must solve a problem. It must endure. And it must be
beautiful.

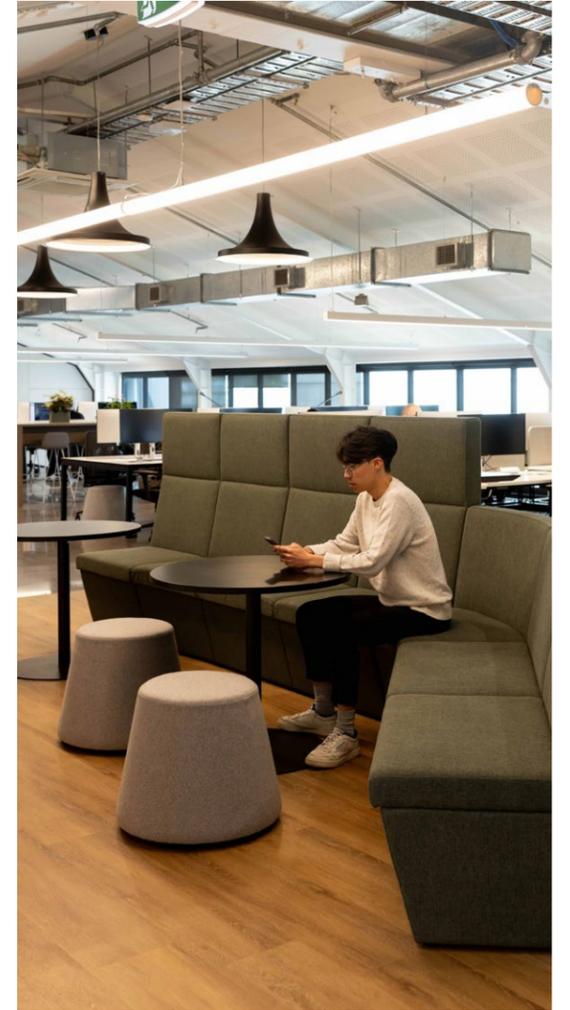

To make a product enduring is to make it beautiful. Design that solves, captivates and endures.

Building connections is a personal thing. We are real people, backing it up with real skills. Thoughtfully crafted designs made here in NZ by family-owned third generation furniture makers.

Our workshop is a bustling hub of creativity and expertise. In house teams for everything – laminating, machining, engineering, fitting, assembly, powder coating, polishing, painting, and upholstery. It's where the magic happens, where each piece comes to life with skill, craftsmanship and a finish that's uniquely yours.

Collaborate

Spaces for collaboration to build community without hierarchy

Meet

For more formal collaboration, projects and teamwork

Relax

Welcome spaces for spontaneous connection and informal collaboration

Social

Places to gather connect and build friendships

Retreat

Made for more personal one to one connections and spaces to retreat to without being disconnected

Furniture considered for every connection.

Designed for designers.

We know designers have a lot on their plate, and we like to help where we can. An extensive library of 3D and BIM files are available across our whole collection, free to download.

Made for life.

At Harrows we believe in responsible manufacturing. Latest technology and time-honoured craft go hand in hand to create products that bring people together and are designed with longevity in mind, extending the useful life and in turn reducing waste.

Our commitment to sustainability is ever-evolving, constantly innovating to reduce waste and minimise our impact on the world around us.

Global GreenTagCert™

A range of Harrows' own NZ made designs carry GreenRate™ Level C certification and PlatinumHEALTH™ HealthRATE™ certifications under the Global GreenTag International Product Health Declaration™ (GreenTag PHD™) program.

Responsible Forestry - FSC®

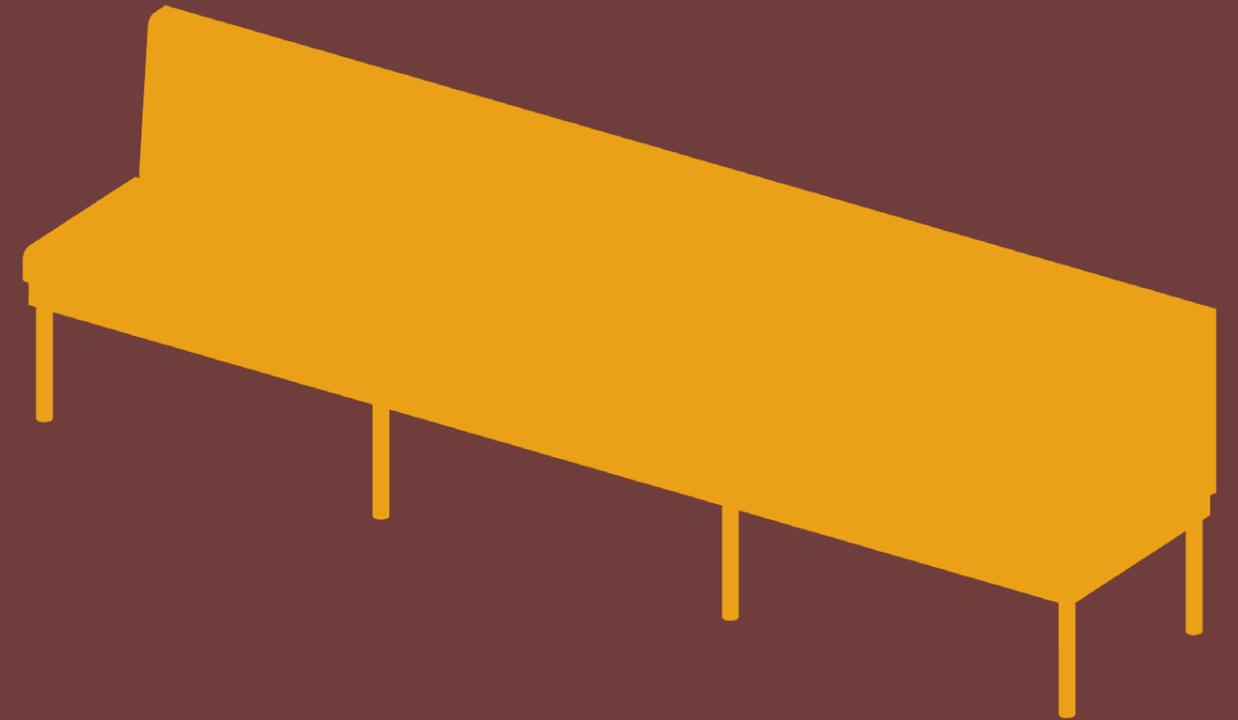

Harrows obtained Forest Stewardship Council® (FSC®) certification in 2015. Harrows is ensuring our timber products are sourced from responsibly managed forests.

Ekos Carbon Conscious

Harrows are proud to have commenced certified carbon footprint measurement in 2021, recording a gross reduction in our first year, and continuing to record year-on-year reductions in our emissions as a percentage of sales through conscious initiatives onsite since. By understanding the emissions profile of our business operations, we can start to strategically reduce them.

Banquettes

Freestanding Banquettes

Delivering a finished banquette with the soft fit-out, these freestanding banquettes are tailored to your space. With profiles and layouts available for face to face meeting, waiting spaces and maximising space utilisation.

Lure

Bring the warmth and ease of home into the workplace with the Lure Chair. This beautiful lounge chair features a suspended seat, creating the illusion that the seat and back are floating. The strong steel frame wraps around the upholstered shell to create bold outlines and a feeling of welcome.

Lure

The suspended seat, wrap-around steel frame and waterfall armrests bring a vintage mood to any waiting or lounge space that calls for a little more comfort.

Method

Functional, flexible and inviting, Method is a collection of lounges and accessories that are devised to connect people and compliment any space. Method's frame was based on a square grid format with an offset leg on each corner, so each piece can be orientated to create limitless configurations.

Method Seating

Hushchairs, hard top ottomans and lounges feature an off-set leg that serves as a mount point for a variety of accessories. Allow limitless functional configurations to meet changing needs in your spaces.

Method Ottoman + Lounge

 Height: 1380

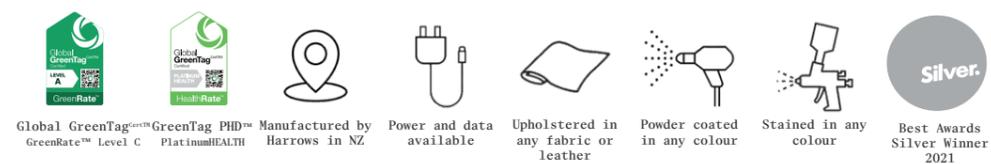

Method Planters

Dimensions: 720 × 350
 Height: 495 / 825 / 1835 / 2160

Method Accessories

Noa

Noa's barrel-shaped back wraps around you, offering a generous seat that invites relaxation. Its curved, sweeping back and oversized pillar legs give it a contemporary take on a traditional tub chair, making it an ideal accent chair for commercial spaces such as offices, lobbies, cafes, and occasional seating areas.

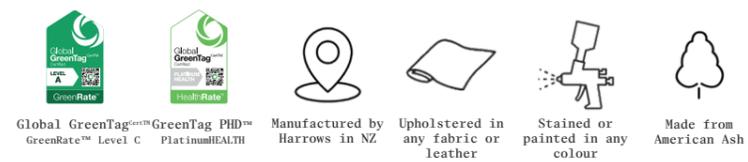

Noa

The chair's three solid timber legs are machined with a spherical end, building elegance and stability. These pill-shaped legs intersect its form, creating a harmonious balance between the soft, enveloping seat and the sturdy foundation.

Noa Lounge Chair

Dimensions:	985w x 815d
Seat Height:	400
Height:	675

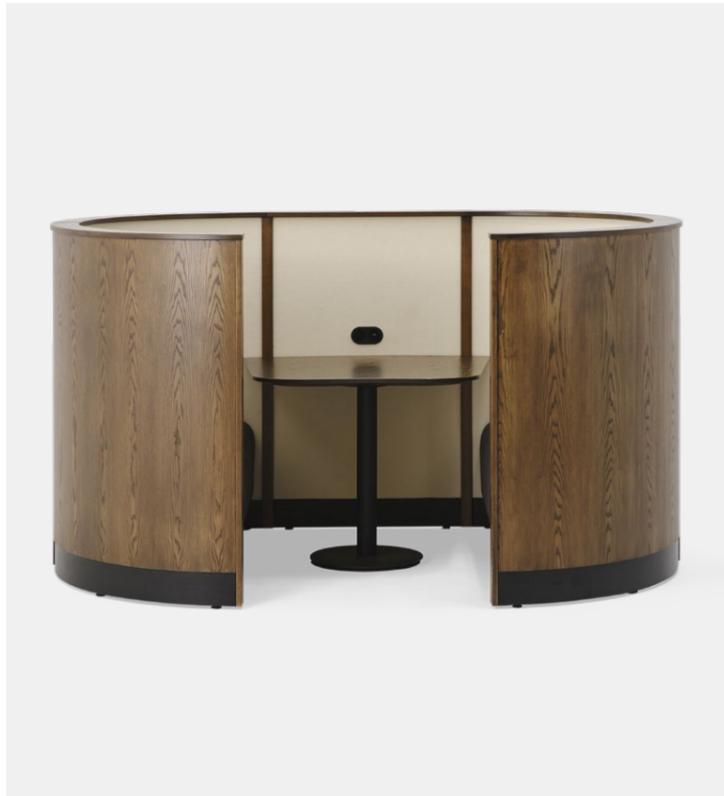

Orbit

A haven of focus without disconnection. Orbit is a free-standing circular pod system that provides a retreat without creating disconnection from the immediate environment. The curved construction and natural materials are designed to create inviting spaces with a semi muted pleasant atmosphere for meeting or working.

Orbit

Orbit is a free-standing circular pod system, available in 180°, 270°, and 360° layouts as either a desk or lounge function. Its configurable design allows for tailored solutions – Orbit can be extended to create unique layouts that suit the requirements of your space.

Arc

The Arc Collection offers a blend of elegance and comfort with its distinctive chair and stool designs. Featuring sweeping backrests, the Arc chairs and stools are ergonomically crafted to provide exceptional comfort. Additionally, the collection includes a stool without a backrest, maintaining the same aesthetic appeal.

Arc

The minimal lines and soft upholstery of Arc results in a simple inviting aesthetic. The collection encompasses a chair, and stools of all heights, from a 450 low stool, through to a 650 counter height stool and a 750 leaner height stool, all with or without the backrest.

Zoning

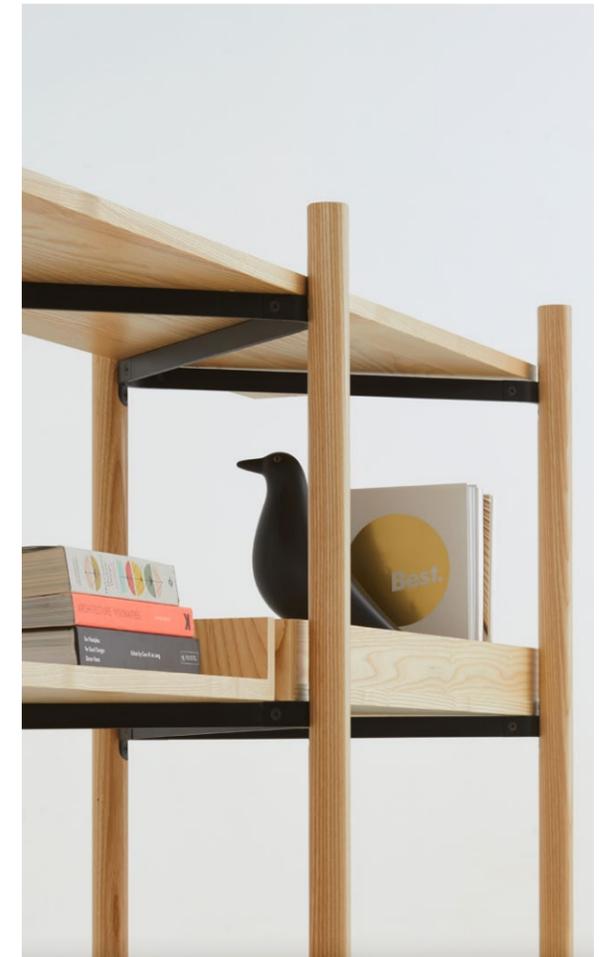

Link

A beautiful and multifunctional system for spacial management. Rethink how you manage the delineation of space with the endless possibilities of Link.

Link

From a standard range of heights and lengths the Link Display System allows you to select the layout and function of each section from a full range of accessories. At any stage, shelving and planters can be swapped and rearranged, even flipping the shelves to face the opposite side, meaning the shelving system can adapt and evolve to a changing interior well after installation.

Relate

Relate is a flexible, freestanding planter that brings warmth and intention to shared spaces. Wrapped in a curved timber exterior, it softens the built environment and introduces a natural rhythm, shaping spaces for calm, flow, and connection.

Relate

A free-standing planter system with a natural timber exterior and a simple solution for planting and maintaining pot plants. Configure multiple units alongside each other to create screening and bring biophilia into any space.
