social spaces.

# Introducing Post

The Post Banquette's freestanding design with slim dowel legs and timber trim brings an air of elegance and openness to any environment.

Experience the perfect blend of form and function with the made-to-measure Post Banquette seating, designed for dining, waiting, or working.

The collection is built around straight benches or lounges with no constraints on length, completed by an internal or external corner to create an endless array of freestanding seating configurations.

Crafted with  
purpose,  
designed for life.

Finishing

Select any fabric or leather to upholster your Post Banquette. Mix or match seat and back fabrics and choose from a range of edge details - rolled, square or piped edge. The seat backs can also feature trim fluting on request. Stain the solid timber legs and rail any colour to suit.

Freestanding

All configurations are freestanding and finished on all sides to allow for placement in the centre of a space or flush against walls.

High back, low back or no back

Customise the lounge back height to suit your application with any height from 700h up to 900h. We recommend a back height of 850h for dining and 800h for waiting. Or opt for no back to create an even more open feeling with an upholstered bench seat. You can also mix and match backs within the configuration.

Integrated side tables

Bench squabs can be replaced with a solid timber panel to create side tables within any configuration.

Solid ash legs

The Post Banquette sits atop 40mm solid ash legs creating a light and open feel, the curves of the round posts adding a subtle softness to the design. Squabs can be up to 1000 long before the section is split and an additional set of legs added.

Variable seat height for lounging or dining

The Post Banquette is available with a customisable seat height. For dining or workspaces, we recommend a seat height of 450h, and for waiting or lounging applications, a seat height of 400h, with custom seat heights available on request.

## Open spaces, thoughtful design, infinite possibilities.

Unlock a world of customisation with Post's vast array of configurations. As with all Harrows' banquettes, the Post is a made to measure product, built on a system of straights, internal corners and external corners. It has no constraints on lengths, and is manufactured off site, before being freighted and installed as a single piece onsite.

Customise banquettes to wrap the facade of restaurants without obscuring the view, or freestanding Z's or L's to fill lobbies and waiting spaces.

# It's made just for you.

Brought to life with skill and craftsmanship in our very own factory with a finish that's uniquely yours. Specify rich timber stains, bold fabrics, colour blocking or texture to make it your own.

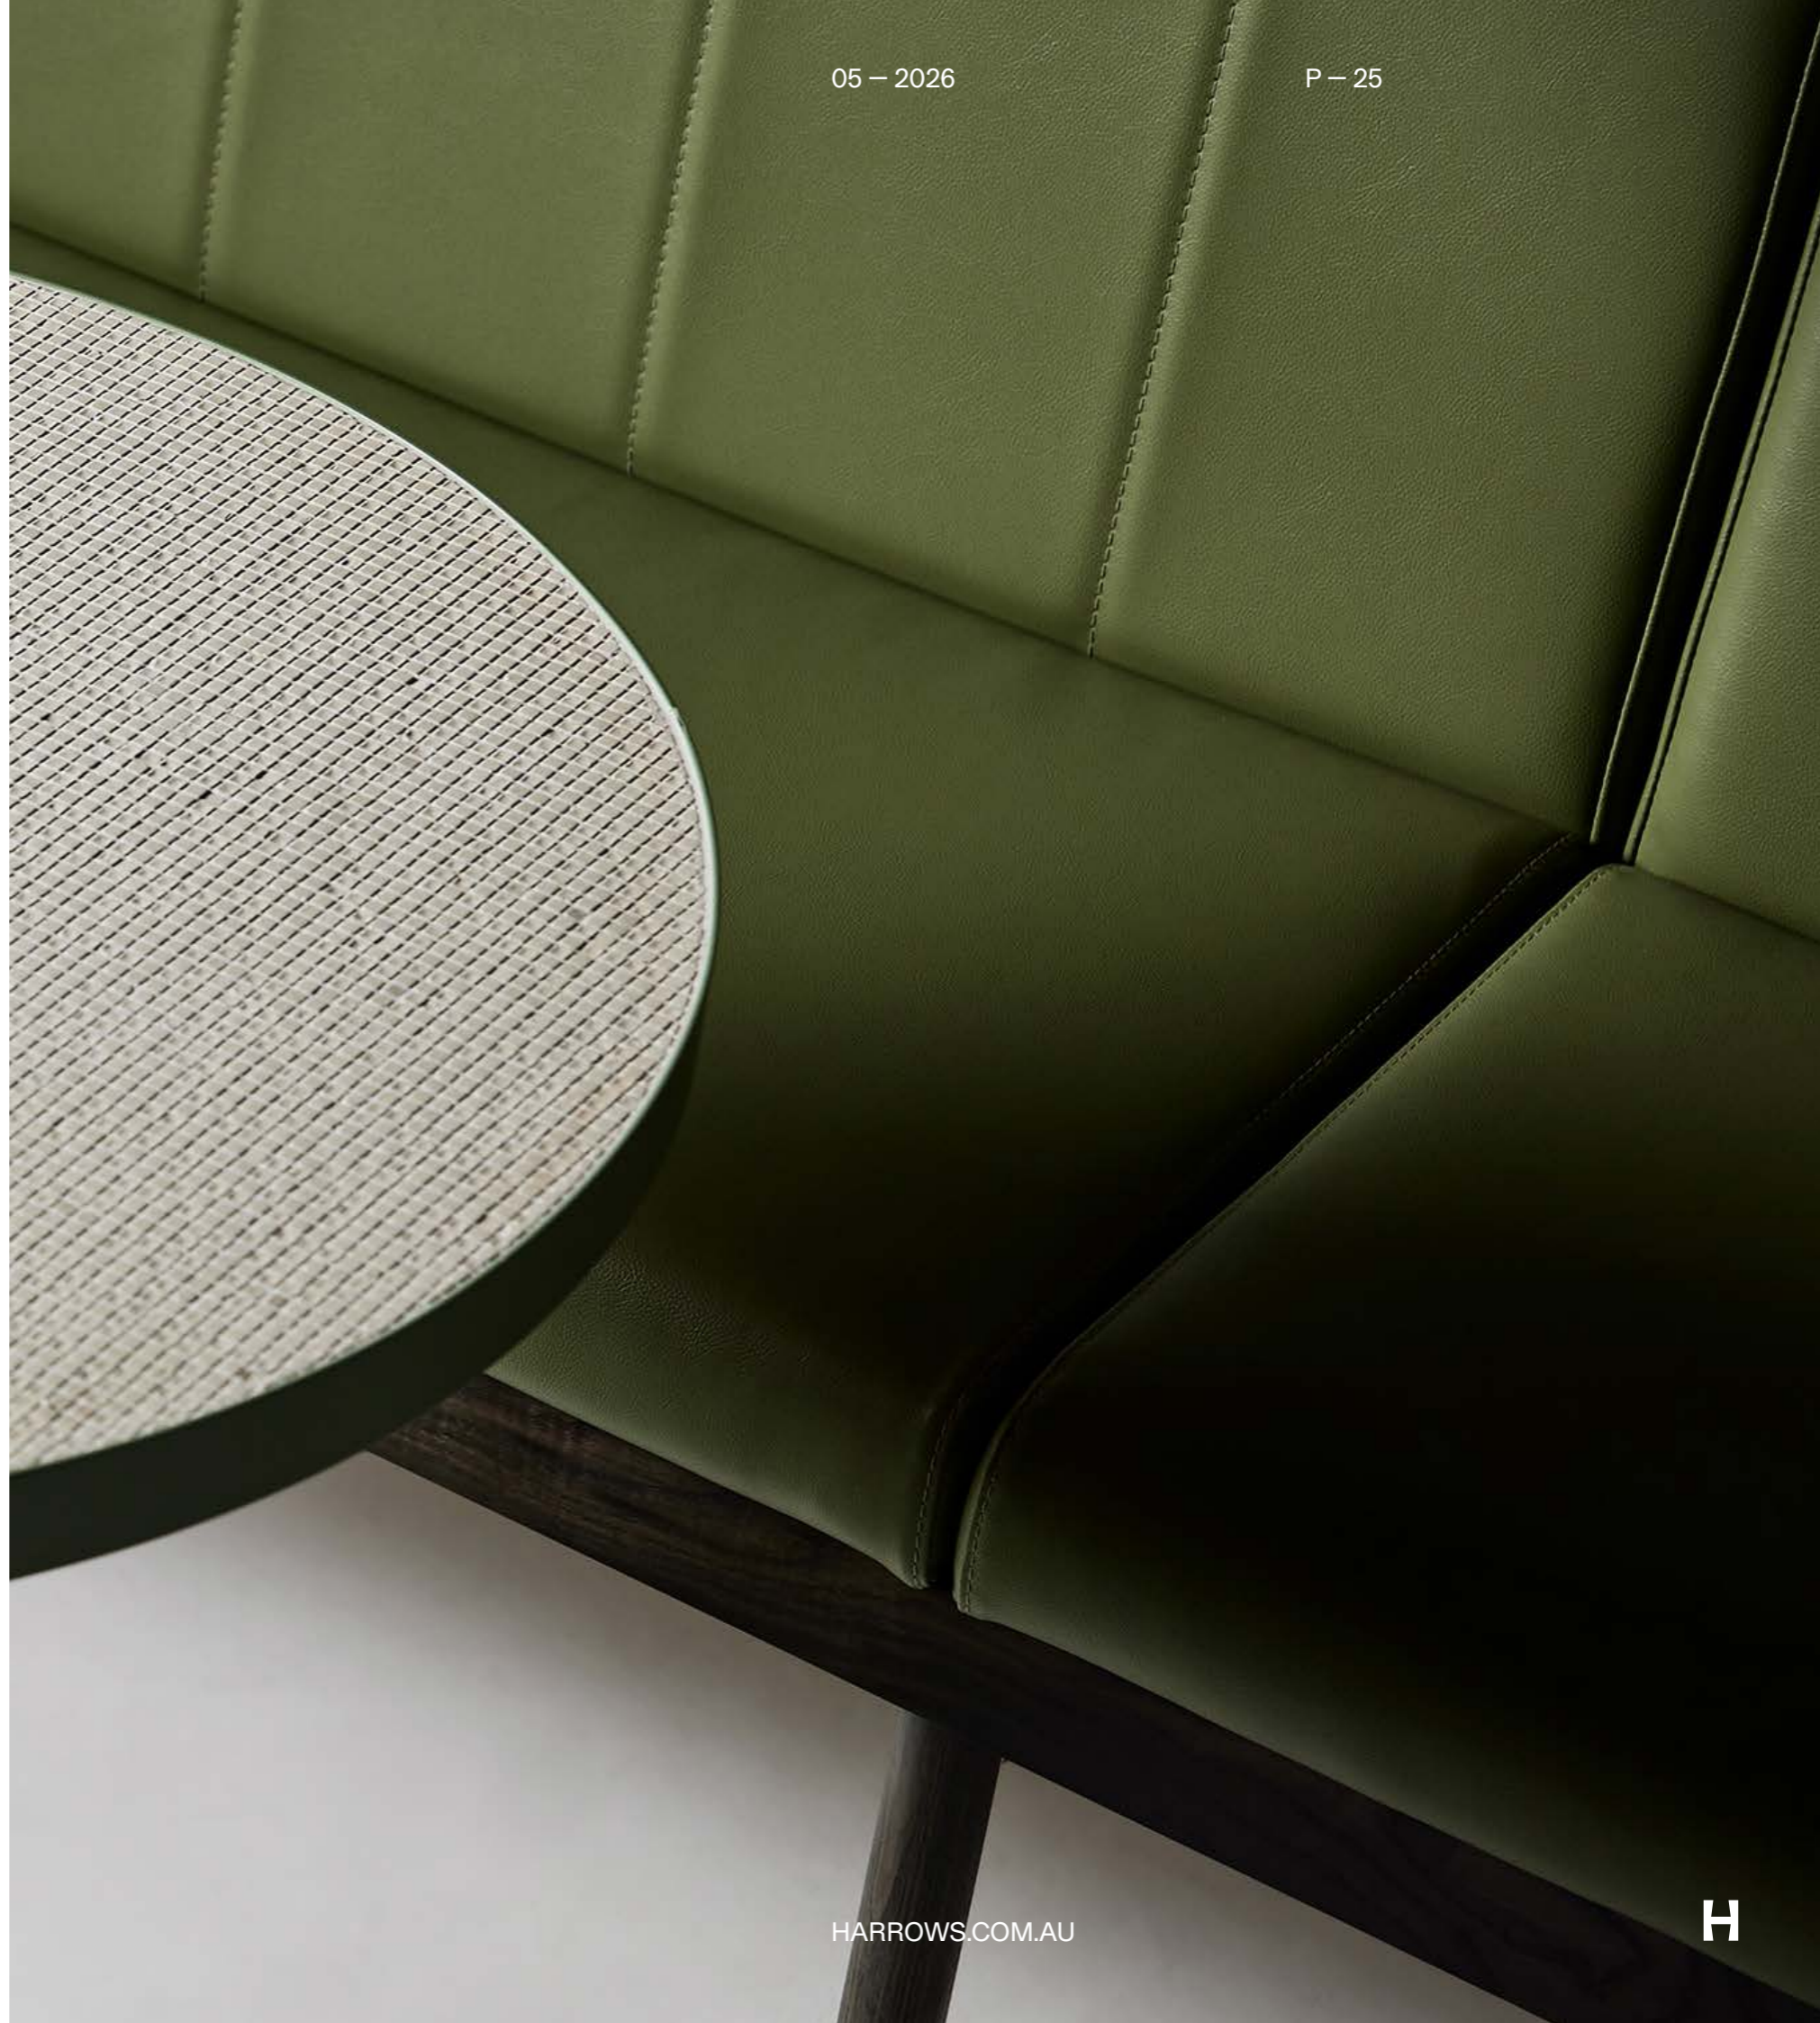

Tailored with personality and individuality to create spaces that you'll love. The palette offers boundless options to suit every style and space.

# Made for life.

The Post Banquette carries GreenRate™ Level C certification and PlatinumHEALTH™ HealthRATE™ certifications under the Global GreenTag International Product Health Declaration™ (GreenTag PHD™) program.

In the Green Star® NZ program Level C carries 50% of the credit points. The GreenTag PHD is recognised by WELL™ and LEED®.

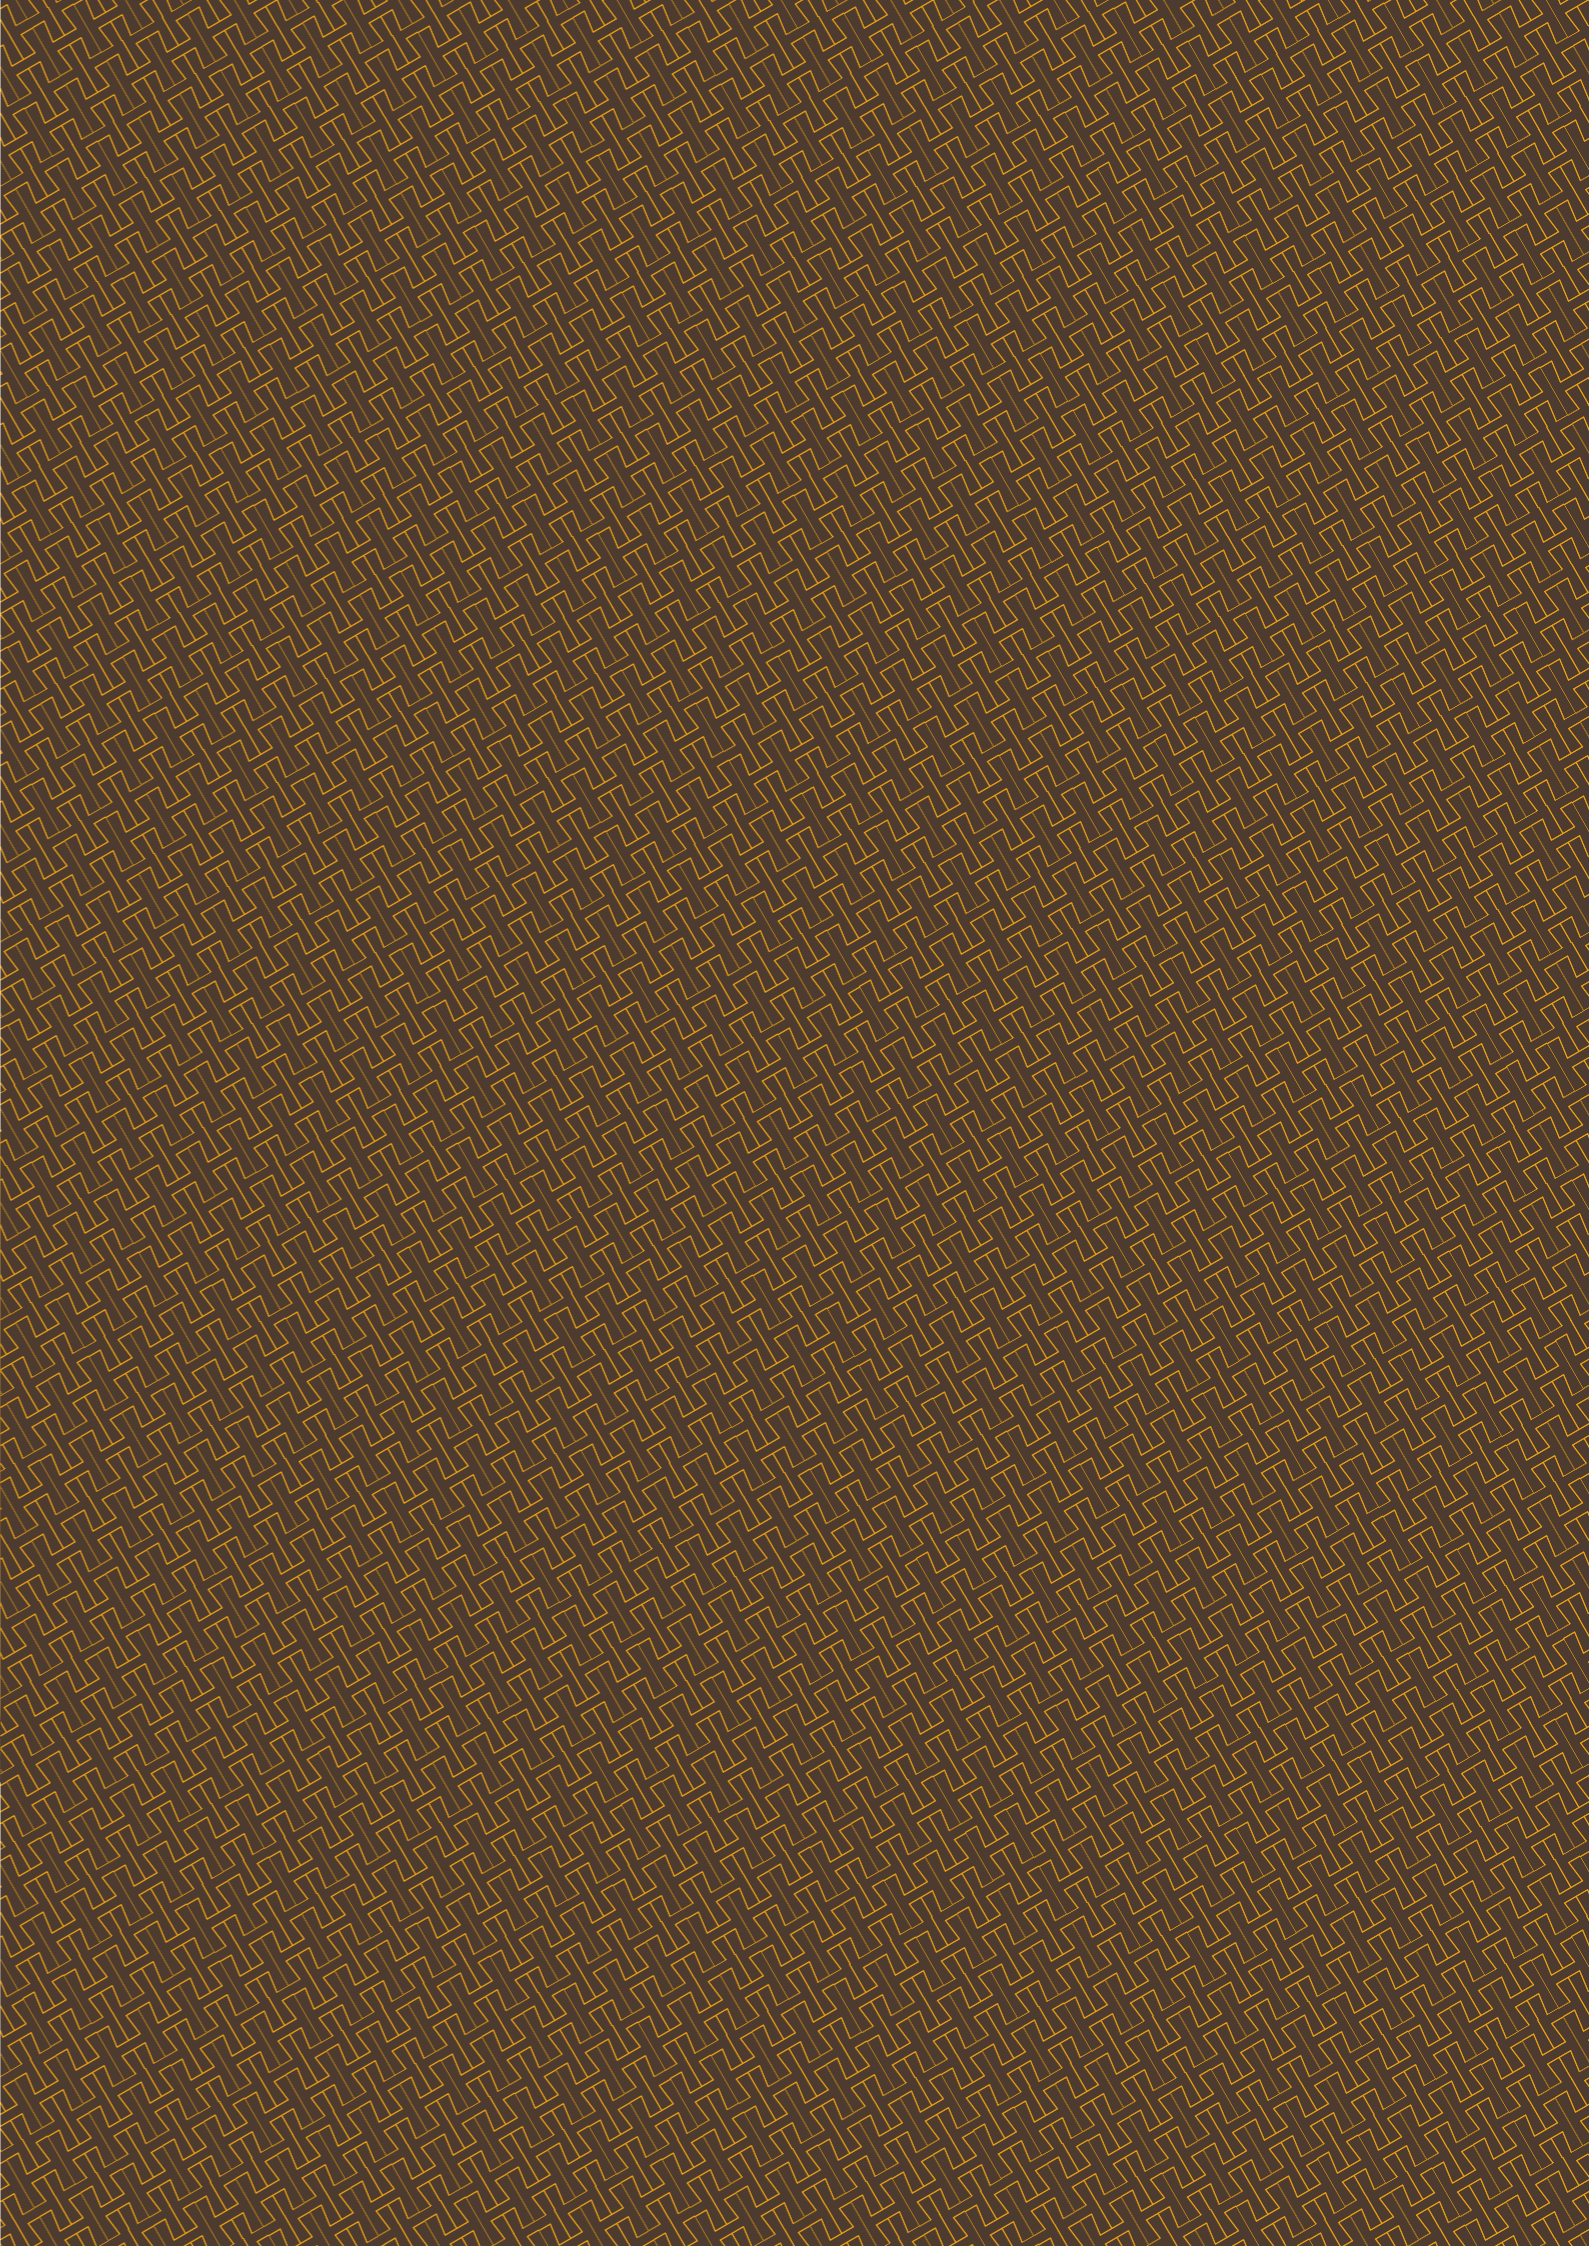

# About the designer.

“If you’re not going to make it beautiful, don’t bother.”

Mark Suckling, Creative Director.

Mark heads up our in house design team and development team, and his guiding philosophy is simple. It must solve a problem. It must endure. And it must be beautiful. To make a product enduring is to make it beautiful.

Life is built on the interaction of  
people. We create thoughtfully crafted furniture  
that inspires meaningful interaction
