Introducing Noa

A perfect blend of engineering and aesthetics. Noa creates a soft, cloud-like experience grounded by solid timber.

Noa’s barrel-shaped back wraps around you, offering a generous seat that invites relaxation. Its curved, sweeping back and oversized pillar legs give it a contemporary take on a traditional tub chair, making it an ideal accent chair for commercial spaces such as offices, lobbies, cafes, and occasional seating areas.

A moment
of comfort
and luxury.

Organic shapes and generous proportions

The design features fluid, organic shapes that provide both aesthetic appeal and ergonomic comfort. The generous proportions ensure ample seating space, making it a practical and stylish choice for any commercial environment.

Choose your upholstery

Noa can be tailored in your choice of fabric or leather. Opt for plush velvets, textured boucles, or tactile leathers to infuse a touch of luxury.

Solid timber pill-shaped legs

The chair’s three solid timber legs are machined with a spherical end, building elegance and stability. These pill-shaped legs intersect its form, creating a harmonious balance between the soft, enveloping seat and the sturdy foundation, with nylon glides for practicality. Stain these solid timber legs any colour.
