

TERETE COLLECTION

Harrows

CHAMPIONS OF SOCIAL SPACES [HARROWS.COM.AU](https://harrows.com.au)

Champions of
social spaces.

Introducing Terete

Crafted around a distinctive tapered column base, the Terete Collection is the epitome of sleek sophistication and versatility in design.

From intimate meetings to bustling collaborative tables and leaners, the simple minimalist forms of Terete deliver captivating silhouettes at every turn, while offering a functionality for every application.

Terete is a collection of tables and leaners from single column rounds and squares, up to large scale rectangle and stadium tops either on individual columns or a stunning stadium base.

**It's more
than furniture
- creating
connections,
a catalyst for
community.**

Finishing

Solid timber table tops on veneer column bases can be finished in a traditional timber stain, a paint stain or a solid paint finish, satin, gloss or matte.

Multiple top options

The Terete tops are available from solid timber, HPL or LPL. Round or square tops with radiused corners for smaller sizes. For larger sizes, choose from rectangles with radiused corners, or the stadium top with full radiused ends.

Integrated power

Available on any surface, Terete can be fitted with integrated below-surface power outlets, with concealed cable management options and grain matched lids.

Leaner, Table and Occasional

Terete offers table height at 740mm, leaner height at 1050mm, and occasional heights: 350h, 450h, and 550h. The taper of the base is consistent across all variants.

Column + Stadium bases

Both base options feature a tapered column base with angled faces and curves. For a column base these are free standing, and for the stadium base an infill panel joins each column. Bases have adjustable feet and are designed with internal access and come supplied with ballast weight if required and in addition can be bolted to floor if required.

- 02, 04, 05

Key Features

- 01 Tapered column base with angled faces and curves
- 02 Column Base or Stadium Base
- 03 Available in table, leaver, or occasional sizes

It's made just for you.

Craft lasting connections through furniture that's brought to life with skill and craftsmanship in our very own factory with finish that's uniquely yours. Tailored with personality and individuality to create spaces that you'll love.

Designed for designers.

Collaborate

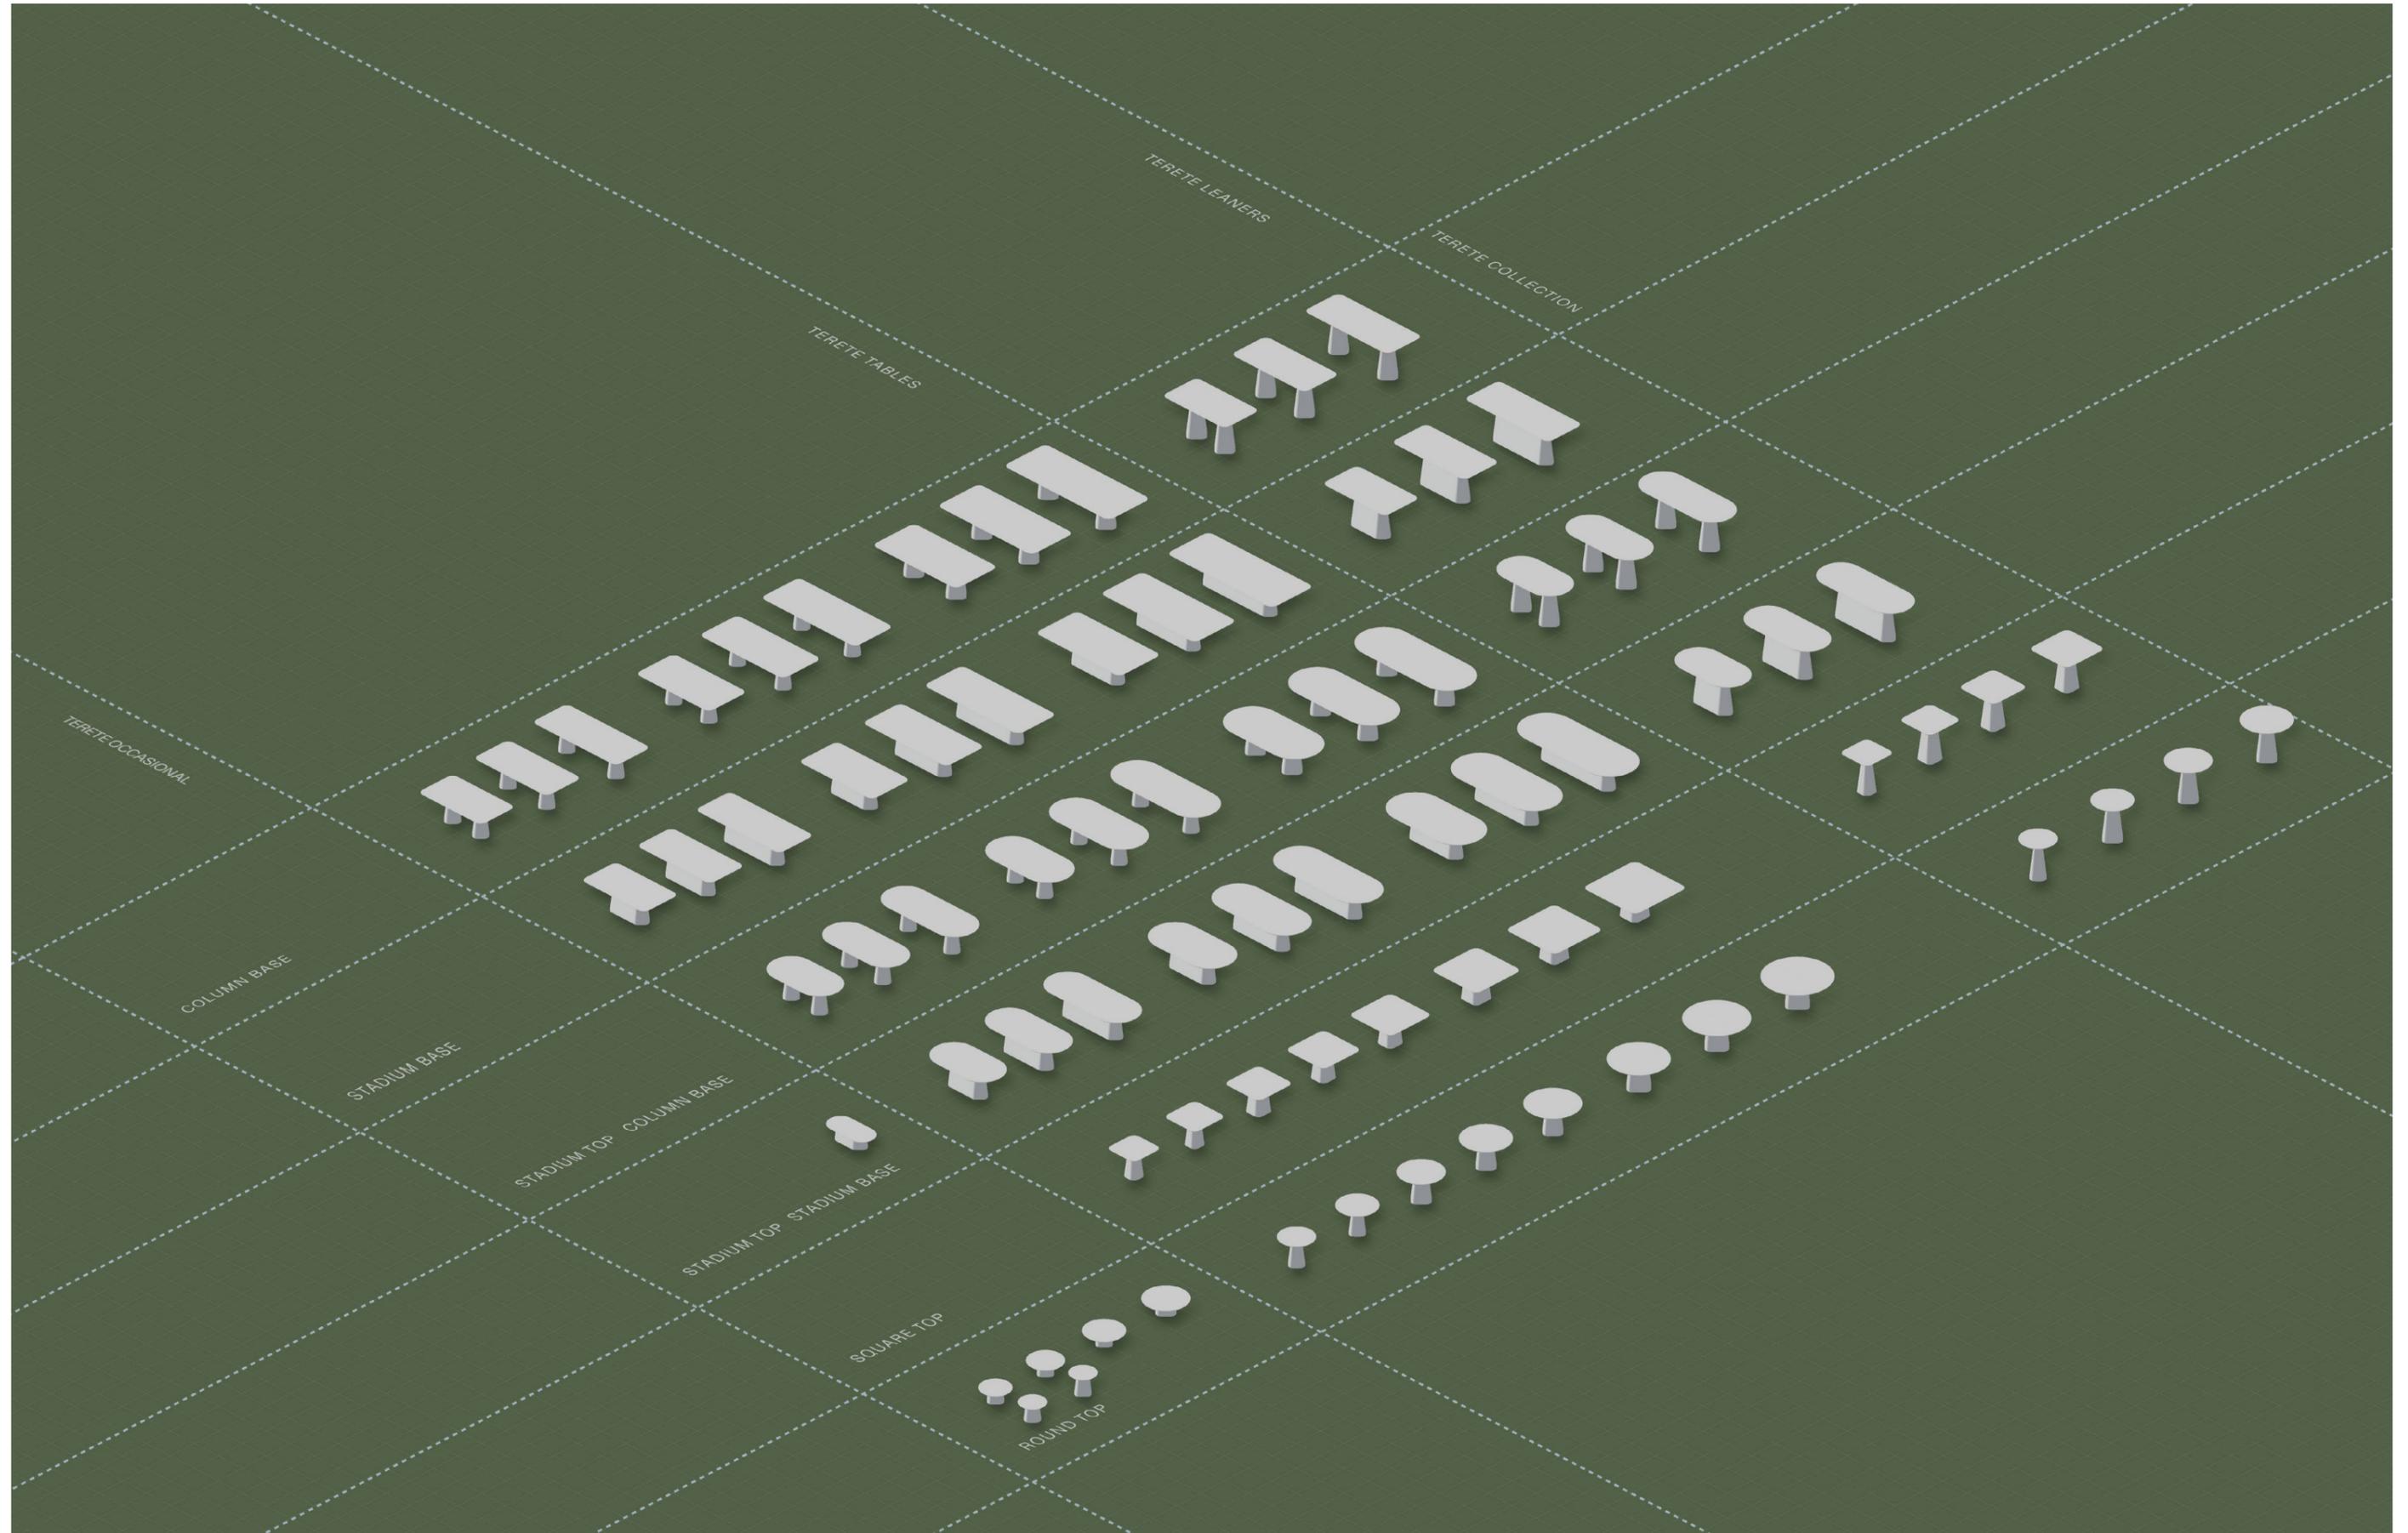

Spaces for collaboration to build community without hierarchy

Meet

For more formal collaboration, projects and teamwork

Social

Places to gather connect and build friendships

Key Features

- 01 Choose your top - stadium or rectangle
- 02 Choose your base - stadium or column
- 03 Paint or stain any colour
- 04 Terete Tables also available

Terete Occasional

Terete Occasional Tables continue the distinctive tapered column and stadium base design, offering smaller-scale proportions ideal for relaxed settings. Available in selected round and rectangular sizes with stadium or column bases, they echo the same refined silhouette as the full Terete collection.

Infinite possibilities.

Unlock a world of customisation with the Terete Collection's vast array of finishes. From rich timber stains through to solid paint, understated matte to elegant satin or in your face high gloss. The palette offers boundless options to suit every style and space.

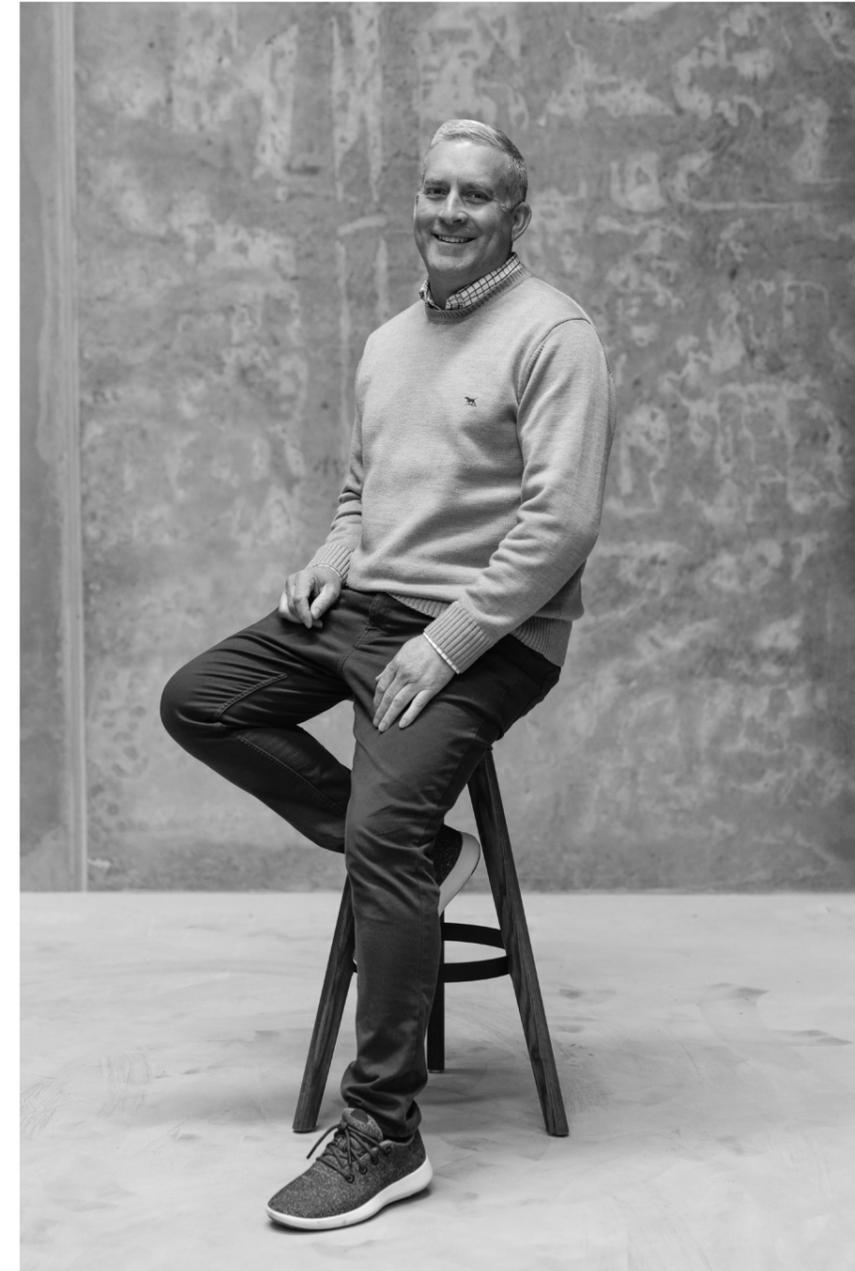

Dive into a spectrum of hues, or opt for the durability of HPL or LPL finishes. With Terete, your vision knows no bounds.

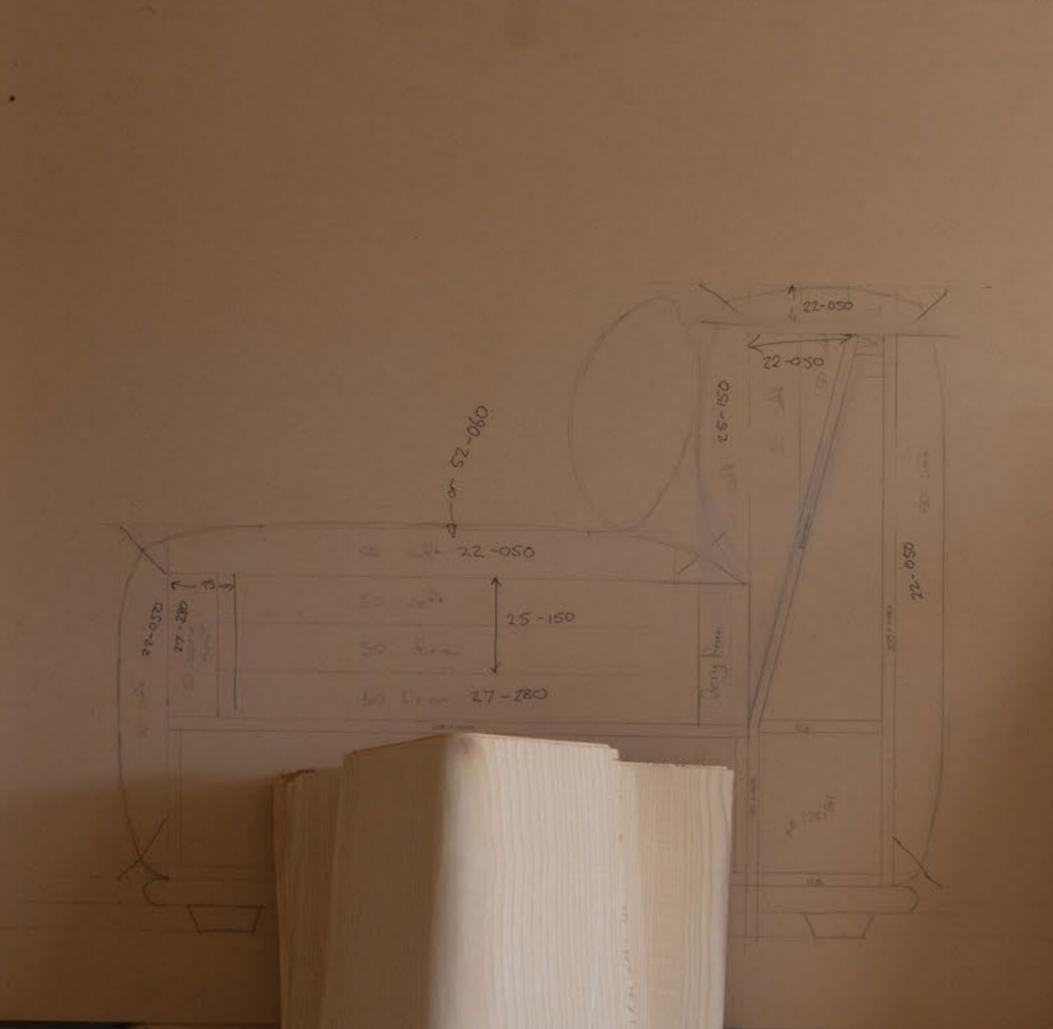

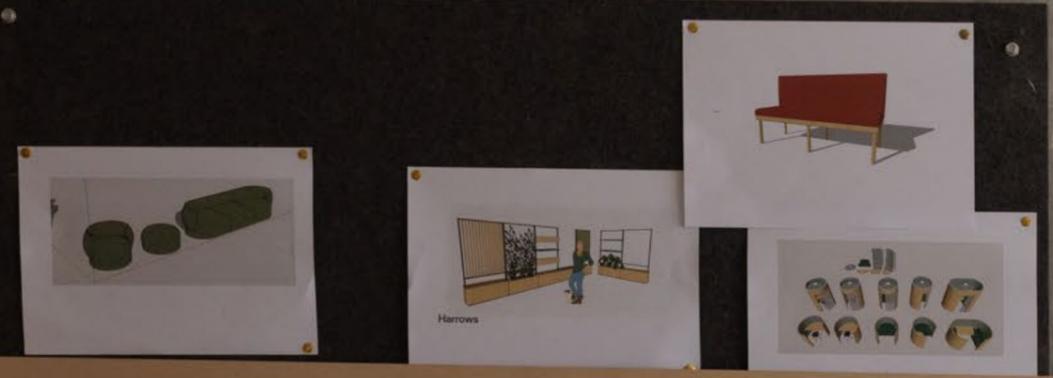

About the designer.

“If you’re not going to make it beautiful, don’t bother.”

Mark Suckling, Creative Director.

Mark heads up our inhouse design team and development team, and his guiding philosophy is simple. It must solve a problem. It must endure. And it must be beautiful. To make a product enduring is to make it beautiful.

Made for life.

At Harrows we believe in sustainability and responsible manufacturing. We are committed to minimizing our impact on the world around us.

Latest technology and time-honoured craft go hand in hand to create products that bring people together and are designed with longevity in mind, extending the useful life and in turn reducing waste.

Terete has been created as a product with social relevance and timeless design principles, made from quality materials and built to last. By manufacturing Terete here in New Zealand, we have complete control over the quality and origin of all materials, as well as minimising international and local freight volumes and emissions.
