

REVEL

Harrows®

MADE FOR SOCIAL SPACES

HARROWS.COM.AU

Introducing Revel

Play changes the way people connect. It breaks down formality, creates common ground, and opens the door to authentic interaction.

Revel brings that spirit into the spaces where people meet, work, and relax. Developed with Harrows' signature craftsmanship, it pairs natural timber construction with elegant design to deliver a table that feels familiar and refined.

Revel transforms spaces into opportunities for collaboration, conversation and connection.

In the usual flow of work, we move within our roles and respond out of habit, often without even realising it.

But play interrupts that pattern.

It draws out instinct, honesty, and a kind of openness we rarely bring to structured moments.

When people react rather than perform, they see each other with clarity rather than hierarchy. In that simple shift, connection rises to something more genuine and more human.

Elevate connection through play.

Regulation Size

Revel is crafted to align with regulation table tennis dimensions, giving every game the true feel of classic competition.

5 Top Colors

Revel table tops are available in a curated range of 5 HPL color options: Kalamata, Green Slate, Seal Grey, Winter Sky and Burnt Ochre.

Net from NZ wool

Crafted from Warwick's Augustus wool-blend, Augustus Zinc was chosen as our net material for its neutral tone and compatibility with all top finishes.

Concealed Draws

Two sliding draws subtly conceal bats, balls, and net components when not in use.

Finishing

Solid timber table frame and ash veneer column bases can be finished in any of our traditional timber stains, a paint stain or a solid paint finish, satin, gloss or matte.

Stadium Bases

Revel bases feature a tapered column base with angled faces and curves. Bases have adjustable feet to allow for leveling.

- 01

Key Features

- 01 Sleek draws hold equipment when table is not in use.
- 02 5 top colour options + base stained in any Harrows stain.
- 03 Tapered column base with adjustable feet to counter uneven surfaces.

Transforms for your needs.

Revel has been designed to adapt with the workplace in mind. With a removable net and brackets, the table can transform from a competition hotspot to a collaborative brainstorm table.

Designed for designers.

Spec Revel in your next project with our 3d files and resources on our website.

Green Slate

Winter Sky

Made for life.

Revel carries the same environmental considerations we bring to all Harrows furniture. Responsible timber, thoughtful manufacturing and a focus on longevity creates a product designed to last with less waste and fewer replacements.

As a result, Revel maintains its performance and appearance over time. It stays dependable in high-use environments and provides a long-term solution without the usual wear you see in lesser tables.

Small games, real moments.

Traditional

A standard singles or doubles game. First to 11, win by 2. Players alternate serves every 2 points.

Donkey/Round the World

Players circle the table, hitting one shot each before moving on. Miss a shot and you get a letter, spell out Donkey, and you're out. Last player standing wins.

King of the Table

Winner stays on. Challenger steps in after each round. Games are short: first to 5 points wins.

Doubles

Two players per side. Teammates alternate shots, taking turns to return the ball. Play to 11, win by 2.

Harrows

Life is built on the interaction of people. We fill spaces with thoughtfully crafted furniture to facilitate these interactions.

Let's talk.
